

5th International Conference on Neuroscience and Mental Health

Theme: Bridging Neuroscience and Mental Health: Innovations for a Resilient Future

Date

May 13-14, 2027

Venue

Bangkok, Thailand

SCAN ME

Welcome

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide.

About Conference

Following the remarkable success of the previous Neuroscience Conferences in 2023, 2024, 2025, and 2026, it is our great honour and pleasure to welcome you to the **5th International Conference on Neuroscience and Mental Health**, to be held on **May 13-14, 2027**, at the **Grand Mercure Bangkok Atrium, Bangkok, Thailand**. This milestone 5th edition unites the world's brightest minds in neuroscience, neurology, psychiatry, and mental health under one inspiring roof, in one of Asia's most vibrant and welcoming cities.

The Neuroscience Congress 2027 is under the inspiring theme "*Bridging Neuroscience and Mental Health: Innovations for a Resilient Future*", a theme that reflects both the scientific ambition and the human compassion at the heart of this conference. As neuroscience continues to transform our understanding of the brain, and as the global mental health crisis demands urgent and innovative solutions, this conference provides the ideal platform for the exchange of groundbreaking research, clinical insights, and visionary ideas..
